DEPUTY DIRECTOR  
FOR  
PHYSICAL, TECHNICAL & OVERSEAS SECURITY

MISSION

The Deputy Director for Physical, Technical & Overseas Security assists the Director of Security with the planning, preparation, and execution of the Agency's security program insofar as it relates to the fields of physical, technical, industrial security, and overseas security, and is directly responsible for planning and implementing the programs in such fields of security. Also, is responsible for the direction and coordination of security support requirements of Security Careerists assigned to other Agency components domestically and overseas.

**SECRET**

PHYSICAL SECURITY DIVISION

The Physical Security Division establishes safeguards necessary to protect Agency classified material and to prevent the physical penetration of Agency areas, buildings, and installations; provides staff guidance and assistance, through Area Divisions, to overseas establishments; conducts periodic security surveys of domestic installations and of stations and bases in the WH, NE, and AF areas; initiates and encourages the development of devices to prevent or counter surreptitious entry into areas or safekeeping equipment; conducts a program to investigate and determine responsibility for reported security violations or non-compliance of Agency regulations; coordinates and implements emergency Security Support planning in critical areas overseas; establishes and maintains necessary liaison with other Government agencies on security matters; plans, develops and conducts the Agency safety and fire prevention programs for domestic installations and furnishes staff guidance for overseas installations; provides training in physical security procedures and equipment and safety fire prevention techniques to the personnel of the Office of Security and other components, as requested.
